## Old Line Capital Invests in SharpRank *Press release*

**Columbia, Md., August 2, 2021** – Old Line Capital Partners ([www.oldlinecap.com](http://www.oldlinecap.com)) announced today that they have made a significant investment in SharpRank, Inc., to further product development, bolster the already impressive roster, enhance the proprietary algorithm, and assist the go to market strategy of SharpRank's uniquely positioned and innovative approach to the sports wagering market.

"Old Line Capital is excited to help SharpRank in the development of their innovative offering", stated Bill Dunahoo, OLC's General Partner and Deal Lead for SharpRank. "We are confident that the exponential expansion of online betting in the U.S. and around the world will drive the adoption of the SharpRank app. The app provides the metrics necessary to enable bettors and fantasy sports owners to more confidently rank and rely on advice from the experts (i.e., the Sharps). Old Line Capital looks forward to working with Chris Adams and the exceptional SharpRank team."

"Our team is thrilled to have Old Line Capital as an investor in SharpRank," said Chris Adams, Founder & CEO of SharpRank. "In the intentionally murky sports betting market, SharpRank acts as the industry's first, best, and only independent ratings agency – much like Morningstar for investments. In this explosive sports betting market, where everyone is trying to be the next content king and/or sportsbook, SharpRank takes a completely different approach – we are the independent oversight. Our office motto (among many others not fit for print) is 'when there is a gold rush, don't go digging, sell shovels.' Executing on such a unique position requires partnering with an experienced, forward looking, solutions-oriented team with a track record for success and innovative thought. Old Line Capital checks all the boxes in that regard. In order for this new industry to evolve, the transparency and oversight SharpRank provides is not only desired, it is necessary. Old Line Capital's team and wealth of experience in technology, data, and cyber security brings an added dimension to the services provided by SharpRank," Adams added.
