

## Meet Quentin Smith

Mr. Smith holds a BSEE from Drexel University, an MSEE from the Johns Hopkins University and a mini MBA from Stanford University. Mr. Smith is a co-founder of S of X Technology Partners, a start-up technology company focused on developing solutions for the US Intelligence Community and currently serves as the Chief Operating Officer. Prior to this, he led a P&L unit of Praxis Engineering with \$100M+ AR. Prior to Praxis, he was a Vice President and board member at CSTI, a Venture Capital backed technology start-up where he held leadership roles in operations and business development. At both Praxis and CSTI, Mr. Smith was part of small teams that led successful exits through acquisition. Mr. Smith is also a current board member of AFCEA Central Maryland and former Chairman and President.
